

Who we are

Hi, we're Dana, Aaron, Wendell and Alder Steege-Jackson. We live and work on Around the Table Farm, located on 5 acres Northeast of Poulsbo, Washington.

Using draft horse power, we grow heirloom vegetables, fruits and flowers and raise chickens for eggs. We use organic practices and are committed to the long-term health of the environment, our land, and the people who enjoy our food.

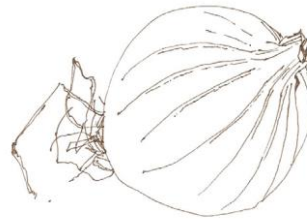

What we believe

By cultivating heirloom varieties using all-natural practices, we hope to:

- Steward our land & the ecosystem;
- produce delicious and nutritious food;
- encourage healthy, joyful communal meals;
- strengthen our local economy;
 - live a good life!
